Business-to-Business

The development of natural gas from Marcellus Shale offers great potential for Pennsylvania's economic future, as well as, for the thousands of individuals and families involved in extracting this energy source from the ground. If you are interested in obtaining employment in the gas industry or are a business that would like to take advantage of the many opportunities of working with these companies, then **DO NOT MISS THIS EVENT!!** During this time you will be able to see equipment, talk to potential employers, get resume help and have access to many other great resources.
