

A Message from Our Director

As we move into the lushness of summer, we are pleased to announce a partnership that has blossomed. PCEC has partnered with the Education Consortium of the Upper Allegheny (ECUA). You can read all about it on the front page of this newsletter. One of the most important points of this partnership is the ability of ECUA to leverage community college degree programs that can be delivered right here at the Education Council sites!

We are hoping to have several Associate Degrees delivered from Butler County Community College starting in the fall. All the details were not available at press time so be sure to check out our website for ongoing information at www.pottercountyedcouncil.org. Imagine staying home and getting an Associate Degree!

Enjoy the summer and plan for your future to begin this fall by enrolling in college!
