The Potter County Education Council, Tri-Co Connections, the Potter County Human Services Area Agency on Aging, the Seneca Highlands CTC and our local school districts are continuing to team up to implement a county-wide program called Seniors 2 Seniors throughout the 2019-2020 academic year. This program is teaching basic computer skills, digital literacy and cybersecurity to senior citizens so that they have the knowledge to utilize the many benefits of high-speed Internet which include:

- Staying connected to friends and family
- Utilizing telemedicine (healthcare from home)
- Accessing numerous government on-line tools
- Using on-line banking
- Working from home for a company
- Shopping from home (for items not available in the local area)
- Improving eye-hand coordination through (strategy-based) video games

As a part of this program, the Potter County Education Council, Tri-Co Connections and the Area Agency on Aging have local high school students volunteering to provide on-site support to each of the adults who participates in the course. The area high school students are a logical resource to support the senior citizens as they learn about the Internet since this generation of students has grown up with technology as a part of their daily lives. They are a true “tech savvy” population and can provide valuable support to older adults who are learning to navigate and use new technological skills and information. This very important and timely project which will provide a valuable lifelong learning opportunity to many of our older county residents while also allowing area high school students an opportunity to give back to their local communities. This course will provide our older county residents the opportunity to learn, and in some cases, further their technology skills while also providing our senior high school students the opportunity to make a difference in the lives of others and connect with a more experienced generation of Potter County residents. It’s an opportunity for both age groups to learn about the other, to debunk generational stereotypes and connect on a personal level.

The Seniors 2 Seniors technology course is being offered at each of the four senior centers in Potter County on an eight-week rotating schedule, meeting on Wednesdays from 12:45 – 1:45 PM (following the school districts’ calendars), throughout the 2019-2020 school year. The first rotation of the Seniors 2 Seniors course recently concluded at the Shinglehouse Senior Center and the second rotation starts on December 4th at the Coudersport Senior Center and will run on Wednesdays through February 5th. The course will also run at the Ulysses Senior Center (February 12th – April 1st) and then at the Galeton Senior Center (April 8th – May 27th).

You can register yourself or a parent or grandparent by calling the Potter County Education Council at (814) 274-4877, registering on the Potter County Education Council’s website at www.pottercountyedcouncil.org or stopping by the Potter County Education Council’s Coudersport Office at 5 Water Street to register in person.

The Seniors 2 Seniors technology course and high-speed internet from Tri-Co Connections will allow our senior citizens to better connect to the world!

Motivational Speaker Addresses Area School Students

Motivational speaker Jeremy Anderson from Atlanta, GA, came to the Consistory in Coudersport, PA on Monday, November 4th and shared his story and his message. He is a leading educational expert, author, and one of the premier motivational speakers in the educational arena. Years ago, Jeremy experienced many challenges such as drug and alcohol abuse, repeated failure in school, a diagnosis of ADHD, and the absence of his biological father. Fortunately, Jeremy's story didn't end there. During his third attempt at the 9th grade, Jeremy came across a group of teachers who refused to give up on him. He eventually caught up with his right grade, received his high school diploma, and obtained his bachelor's and master's degrees.

Today, Jeremy is the published author of six books, and has been privileged to travel across the globe with his motivational speaking and training. Jeremy is the CEO of The Jeremy Anderson Group, LLC., which is an Educational Consulting Firm. His wife Traci is the president of their non-profit Next Level Living, Inc.

Jeremy, his wife Traci and their two children Jaxon and Jewel, live happily in Atlanta, Georgia.

Students in grades 5-12 attended from five school districts (Austin, Coudersport, Galeton, Northern Potter, and Port Allegany) and heard Jeremy share information about his struggles in school (both academically and behaviorally), and his determination to overcome all the obstacles. He strongly and passionately reminded students that each and every one of them is destined for greatness if they're willing to put in the work. He shared his message that “Hard work pays off!” Their struggles and their DNA don’t determine their destiny; their decisions do. He also reminded students that words are powerful, and he challenged each of them to use their words and actions to be supportive of others and to give back to their peers, their families and their communities. Jeremy’s presentations were amazing and resonated with area students.

This event was sponsored by Potter County Human Services and the Potter County Education Council.
Sewing for Beginners

Have you always wanted to learn to sew? Here’s your opportunity! In this 4-session course, instructor Janice Darrah will teach you the basics, beginning with the parts of the sewing machine and how to operate it correctly. Participants will learn the basics of sewing: Running a sewing machine; Cutting out, assembling and creating a finished project – a pillowcase. Janice is a well-known local seamstress and the owner of Sew Much More in Coudersport. She has been sewing her entire life, and her experience includes teaching sewing at Hebron Center Christian School. Please bring the following to class: a sewing machine (The instructor has a limited number available to use, so let us know ahead of time if you would like to use one.); straight pins; fabric scissors (not the kind used to cut paper); tape measure; seam ripper, as well as the fabric needed for your project (3/4 yard of fabric for the main part; 1/3 yard of fabric for the cuff, and 1/8 yard of fabric for the accent trim. This is enough fabric to make one pillowcase, except the amount of trim fabric is enough for two pillowcases.). Registration deadline is Tuesday, January 28th. Class size is limited, so register today.

Date: Tuesdays, February 4 - February 25, 2020
Time: 6:30 - 8:00 p.m.
Location: Sew Much More
Instructor: Janice Darrah
Cost: $89/person

Sewing - The Next Step

This intermediate sewing class will take your skills to the next level. Using a pattern, participants will learn to sew a simple garment (sleep pants). Students must already have a working knowledge of using a sewing machine, since class time will be used to complete the project. Please bring the following to class: a sewing machine (The instructor has a limited number available to use, so let us know ahead of time if you would like to use one.); straight pins; fabric scissors (not the kind used to cut paper); tape measure; seam ripper, as well as the fabric needed for your project (2 1/2 yards of 40” wide fabric for kids pants or 3 to 3 1/2 yards 40” wide fabric for adult pants). Also, please bring matching cotton/poly thread and 1 package of 3/4” wide elastic. Registration deadline is Tuesday, February 25th. Class size is limited, so register today.

Date: Tuesdays, March 3 - March 24, 2020
Time: 6:30 - 8:00 p.m.
Location: Sew Much More
Instructor: Janice Darrah
Cost: $89/person

Professional Development Courses

Basic Sign Language
How many times do we encounter hearing impaired people and wish that we could communicate with them? As we age, we gradually lose some of our hearing. Sign language can help. Also, mothers of pre-lingual children can use sign language as a tool with their little ones. Here is your opportunity to learn basic sign language that could help you or someone you care about. This course will cover beginning sign language, the alphabet, conversational phrases and a variety of commonly used signs. In addition, basic facts essential to the correct use of the language will be addressed. A dedicated student could learn as many as 800 signs, and understand signing and interpreting rules, basic deaf culture, and medical situations that cause deafness and loss of hearing. An intermediate course may be offered depending on interest.

Date: Tuesdays, January 28 - April 7, 2020
Time: 5:30 - 7:30 p.m.
Location: PCEC Coudersport
Instructor: Sheri Greene
